## Digital Difference

Choose the digital resources that elevate classroom learning

MindTap from Cengage Learning represents a new approach to a highly personalized, online learning experience. A fully online solution, MindTap combines all of a student's learning tools- readings, multimedia, activities and assessments- into a singular Learning Path that guides the student through the curriculum. Instructors can personalize the experience by customizing the presentation of these tools to their students and adding their own content.

With Cengage Learning's Instructor Resources to accompany many of our books, preparing for class and evaluating students has never been easier!

Get your students workplace-ready with SAM (Skills Assessment Manager), the market-leading proficiency-based assessment and training solution for Microsoft Office. SAM's active, hands-on environment helps students master Microsoft Office skills and computer concepts that are essential to academic and career success. SAM 2013 now includes an interactive ebook embedded directly in the learning platform. Prepare your students for MOS certification with SAM!

Cengage Learning's CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the embedded, interactive eBook. Instructors can also track student engagement and performance.

## ExamView®

The Leading Assessment Solution

Create quizzes, study guides, and tests easily and quickly with ExamView®—a computerized testing tool that allows you to create paper and online tests. This test generator is ideal for building tests, worksheets, and study guides (practice tests) to complement any subject. The latest test-creation and online testing software lets you quickly produce reliable, balanced tests and reduce time spent grading.

Cengage Learning Testing by Cognero is a flexible, online system that allows instructors to author, edit, and manage test bank content from multiple Cengage Learning solutions, create multiple test versions in an instant, and deliver tests from your learning management system or classroom.
