

COURSE GUIDE: K-12

STEM

(SCIENCE, TECHNOLOGY, ENGINEERING, AND MATH)

Our digital and textbook resources fully support 21st Century Skills development and College and Career Readiness. Our solutions — driven by innovative technology and authoritative content — center on outcomes that empower, engage, and help your learners achieve success in the classroom and beyond.

EXPLORE THE

Digital Difference

Choose the digital resources that elevate classroom learning

Quickly assess baseline skill levels and assign personalized courses of study with lessons and problems targeted to students' individual needs and career interests.

With Cengage Learning's Instructor Resources to accompany many of our books, preparing for class and evaluating students has never been easier!

MindTap™—a personalized, fully online digital learning platform of authoritative content, assignments, and services that engage students with interactivity while also offering instructors choice in the configuration of coursework and enhancement of the curriculum.

Cengage Learning's CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the embedded, interactive eBook. Instructors can also track student engagement and performance.

ExamView®

The Leading Assessment Solution

Create quizzes, study guides, and tests easily and quickly with ExamView™—a computerized testing tool that allows you to create paper and online tests. This test generator is ideal for building tests, worksheets, and study guides (practice tests) to complement any subject. The latest test-creation and online testing software lets you quickly produce reliable, balanced tests and reduce time spent grading.

Cengage Learning Testing by Cognero is a flexible, online system that allows instructors to author, edit, and manage test bank content from multiple Cengage Learning solutions, create multiple test versions in an instant, and deliver tests from your learning management system or classroom.

Engaging. Trackable. Affordable.

The simple way to boost student interest and engagement

CourseMate brings concepts to life with web-based learning, study, and exam preparation tools that support your Cengage Learning textbook. Watch comprehension soar as CourseMate goes beyond the book to deliver what learners need!

WHAT WILL YOU FIND?

- The **Engagement Tracker**, which checks the progress of your students, identifies those at risk, and uncovers concepts that are challenging for your class.
- An **integrated eBook** that allows students to take notes, highlight, search, and access book-specific embedded media.
- A **Student Learning Pathway**, customized to your adopted textbook, that integrates digital media.
- Engaging **quizzes, flashcards, and videos** to further drive interest.

Instructors using CourseMate saw an 11% increase in homework submissions and a 14% decrease in low passes, fails, and incompletes.

(2010, O'Donnell & Associates)

Tap into the personalized teaching experience

MindTap is a personalized teaching experience with relevant assignments that guide students to analyze, apply, and improve thinking, allowing you to measure skills and outcomes with ease.

Promote Better Outcomes

Analytics and reports provide a snapshot of class progress, time in course, engagement and completion rates.

Elevate Thinking

Relevant readings, multimedia, and activities are designed to take students up the levels of learning, from basic knowledge to analysis and application.

Easily Set Your Course

Personalized teaching becomes yours through a Learning Path built with key student objectives and your syllabus in mind. Control what students see and when they see it.

"We have seen an increase of at least one letter grade when we compare the performance of students who used MindTap with those who didn't." — Scott Domowicz, Erie Institute of Technology
