

# Learners to Thinkers

MindTap 

*A transformative digital solution that helps students connect to class content, explore the world through a new lens, and become critical thinkers.*

 NATIONAL  
GEOGRAPHIC  
LEARNING

 CENGAGE

## MindTap—Learning, your way.

---

### Turn learners into thinkers.

Students build their critical thinking and analytical skills with activities, simulations, assignments, and readings in a Personal Learning Path.

### Keep students organized and efficient.

A student's Learning Path reflects what's important to the teacher and becomes a single destination for students to access the tools needed for mastery.

### Empower and motivate students.

MindTap sends assignment reminders and presents students with constant feedback of their progress and performance, individually and compared to the rest of the class.

## MindTap—Teaching, your way.

---

### Personalize your course with ease.

Easily add your own content — recent news updates, videos, weblinks, documents and more — right into the student's reading or Learning Path. Move chapters or hide them. Control what students see and when they see it.

### Promote better student outcomes.

Enhance your teaching with easy-to-access analytics and reports on student progress and engagement. Make real-time adjustments. See the results.

### Teach Differently.

Spend less time grading, allowing for more strategic teaching. Strengthen college readiness. Build 21st Century Skills. Simply...teach differently through MindTap.

## MindTap—Whats New?

---

Here are the latest free enhancements to MindTap users!

**MindTap Mobile App with eBook!** — Students can download the MindTap app on any iOS or Android device, sign in, and get started!

Wherever students are...

- The **MINDTAP READER**, a full eBook accessible online or offline, allows students to read or listen to the book being read anywhere, anytime
- Readymade and editable **FLASHCARDS** enhance vocabulary and concept understanding
- **STUDY GAMES and QUIZZING** engage students and encourage recall of key ideas and vocabulary
- **DUE DATE REMINDERS** and **PUSH NOTIFICATIONS** from the teacher keep students on track with their tasks

### StudyHub

- Teachers diversify student learning paths by integrating notes, highlights, and multimedia of their choice into the MindTap Reader
- Teachers boost student performance on assessments by building Study Guides for them
- Students can filter topics or study tool-types to create their own Study Guides and Flashcards for personalized review

### Message Center

- Teachers can quickly message their entire class, an individual student, or a group of students to readily update them on tasks at hand
- Students can view all messages in the MindTap Dashboard
- Students can set up email or text notifications for when a teacher's message is posted, and their privacy remains protected

# MindTap® SimulationStation

Featuring Simulations found in MindTap

Virtually develop technical trade skills with online training simulations found in MindTap.

Visit the MindTap Simulation Station to gain FREE trial access to all of our simulations. Virtually wire a house, diagnose faults in HVAC equipment, fix a car, identify code violations, operate a robotic arm, and work in welding—all in a simulated training environment!

## Seamless sign-in for you and your students

With LMS Integration, your students are ready to learn on the first day of class. Students are never asked to create an account; they simply access your course, select a link to Cengage Learning content.

## Content customization with deep linking

Focus student attention on what matters most. Use our Content Selector to create a unique Learning Path that blends your content with links to learning activities, assignments, and more.

**Grade Center : Full Grade Center**

*In the Screen Reader mode, the table is static and grades may be entered on the Grade Details page accessed by selecting the grades can be typed directly in the cells. Use the error keys or the tab key to navigate through the Grade Center and the End*

## Automatic grade synchronization\*

Need to have your course grades recorded in your LMS gradebook? No problem. Simply select the activities you want synched, and grades will automatically be recorded in your LMS gradebook.

\*Grade synchronization is currently available with Blackboard, Brightspace (powered by D2L), Angel 8 and Canvas.

To see it in more detail, visit <http://www.cengage.com/lmsintegration/>
