

One day the Sun and the North Wind
see a man. It is a cold day.

The man is wearing boots, jeans,
a sweater, and a coat.

Wind says, "I am strong! I can blow
the man's coat off."

Sun says, "Really? Show me."

Facts About Temperature

Is it hot today? Is it cold? A thermometer can tell you!

A thermometer measures **temperature**.

Temperature is how hot or cold something is.

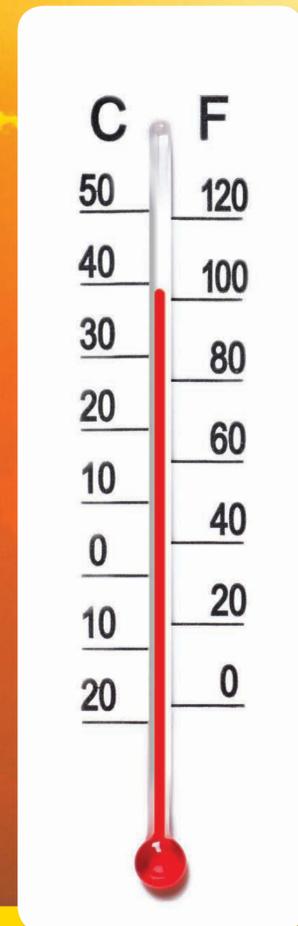

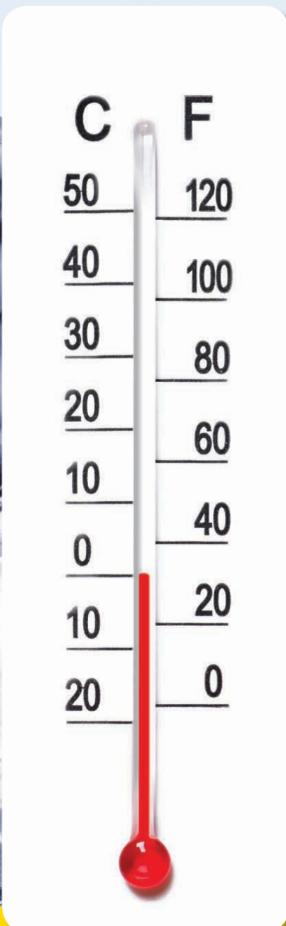

snowman

ice cream

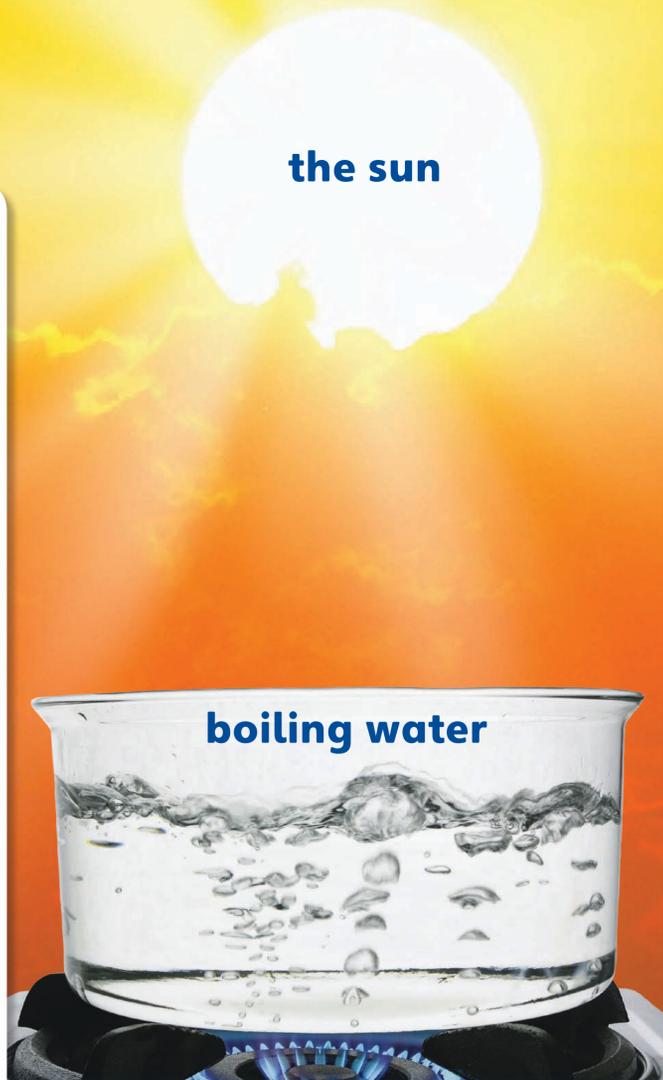

These things are cold.

ice

These things are hot.

the sun
