

One day, Anansi the spider is cooking a big dinner, but he doesn't have any yams, tomatoes or pickles.

Anansi calls his friend Turtle for help.

yams  
tomatoes  
pickles

'Turtle, can you go to the supermarket and buy these foods for me, please?' says Anansi. 'Then you can eat dinner with me.'

Turtle says, 'Yes!'

Anansi starts cooking whilst Turtle goes shopping.

# Facts About Recycling Tins, Cans and Bottles

Many foods and drinks come in bottles, cans and tins. We eat the food and drink the drinks. But what happens to the tins, cans and bottles when we have finished with them? Old tins, cans and bottles can be used to make other things. That is called **recycling**. Here are some things that are made from recycled tins, cans and bottles.

## Things Made from Recycled Tins and Cans

aeroplanes

computers

aluminium foil

## Things Made from Recycled Bottles

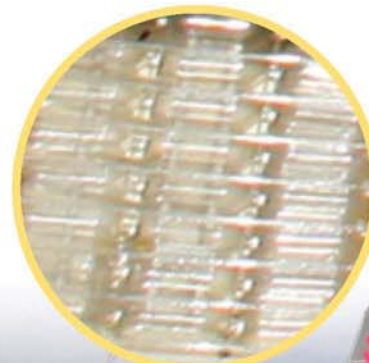

rucksacks

fleece clothes

playgrounds

In 2010, a boat made from 12,000 used bottles sailed from California to Australia. Now that's recycling!
