1 Read about food for children.

Do you eat a snack at school? What do you usually buy? Do you like fruit, or do you want chocolate?

Lots of children buy food at school, and guess what? They choose things that aren't good for them. It isn't strange. Children like burgers, chips and ice cream. They don't want oranges, bananas or rice. This is a problem. When children eat fast food every day it is bad for them. They sleep in lessons. They don't do sport. They feel tired.

But lots of children want to learn about healthy food that is good for them. It's easy! Make a delicious chicken sandwich with tomatoes and cheese. Now that's a healthy snack! Try fruit in small pieces with some juice. It's a great dessert!

Then why not have a delicious burger or pizza one day a week? Fast food is OK, but don't eat it every day.
