

# Make This Summer a Season of Student Learning!

Whether you are extending the school year into summer or providing summer learning to help students be ready for the new school year, our high interest and accessible content can help you achieve your summer learning goals.

## Flexible Pacing to Meet Your Summer Learning Schedule

With content to fit perfectly into a variety of time frames and scenarios, students will have access to visual and engaging lessons and activities. Match your standards-based content needs with your summer schedule to serve a broad range of K-12 disciplines.

Many programs have digital options to meet distance learning needs, while small format reader books are ideal for delivery of packets for at-home use.
