Digital Difference

Choose the digital resources that elevate classroom learning

MindTap from Cengage Learning represents a new approach to a highly personalized, online learning experience. A fully online solution, MindTap combines all of a student’s learning tools—readings, multimedia, activities and assessments—into a singular Learning Path that guides the student through the curriculum. Instructors can personalize the experience by customizing the presentation of these learning tools to their students and adding their own content.

Cengage Learning’s CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the embedded, interactive eBook. Instructors can also track student engagement and performance.

learninglab
Captivate your students! Learning Labs are online homework solutions that allow your students to practice the most difficult concepts associated with their Cengage Learning textbooks in a simulated, real-world environment.

**MindTap™**

Tap into the personalized teaching experience

MindTap is a personalized teaching experience with relevant assignments that guide students to analyze, apply, and improve thinking, allowing you to measure skills and outcomes with ease.

**Elevate Thinking**

Relevant readings, multimedia, and activities are designed to take students up the levels of learning, from basic knowledge to analysis and application.

**Promote Better Outcomes**

Analytics and reports provide a snapshot of class progress, time in course, engagement and completion rates.

**Easily Set Your Course**

Personalized teaching becomes yours through a Learning Path built with key student objectives and your syllabus in mind. Control what students see and when they see it.

“*We have seen an increase of at least one letter grade when we compare the performance of students who used MindTap with those who didn’t.*” — Scott Domowicz, Erie Institute of Technology
