# MindTap

## Tap into the **personalized** teaching experience

MindTap is a personalized teaching experience with relevant assignments that guide students to analyze, apply, and improve thinking, allowing you to measure skills and outcomes with ease.

### Elevate Thinking

Relevant readings, multimedia, and activities are designed to take students up the levels of learning, from basic knowledge to analysis and application.

### Promote Better Outcomes

Analytics and reports provide a snapshot of class progress, time in course, engagement and completion rates.

### Personalize Your Course

Personalized teaching becomes yours through a Learning Path built with key student objectives and your syllabus in mind. Control what students see and when they see it.

*"We have seen an increase of at least one letter grade when we compare the performance of students who used MindTap with those who didn't." — Scott Domowicz, Erie Institute of Technology*
