World Cultures and Geography

Continue your **GEO** experience online

PROGRAM
OVERVIEW

GEO

NATIONAL GEOGRAPHIC World Cultures and Geography

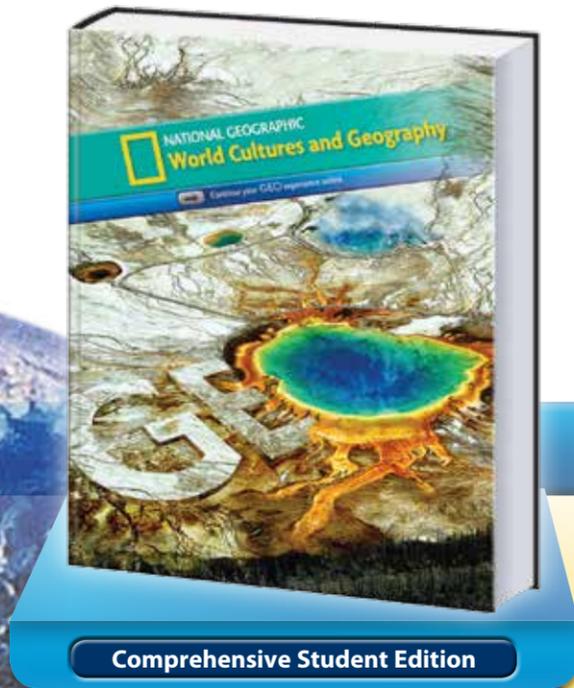

A dynamic new program for Social Studies curricula offering National Geographic assets, active learning for active students, and accessibility for all!

Prepare your students for an increasingly global future as you share the National Geographic Experience!

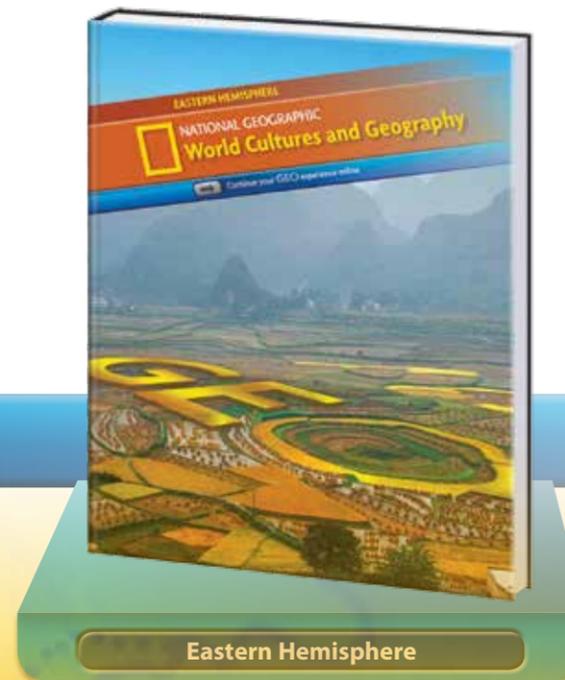

- » Real-life experiences with over 30 National Geographic Explorers, including videos about their research
- » Active learning for active students with over 200 interactive whiteboard lessons, map and photo labs, tools to create media presentations, and more
- » Accessible, scaffolded content supporting geographic discovery for every student
- » Written at middle school readability

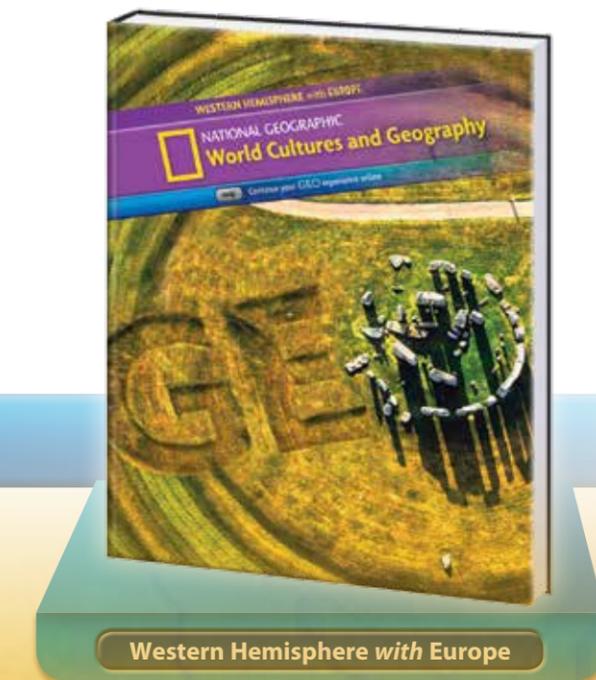

Print Path

Comprehensive Student Edition

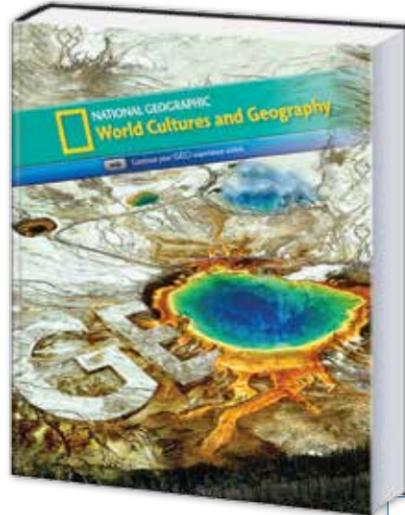

Eastern Hemisphere

Western Hemisphere with Europe

Comprehensive (Survey)

Student Edition

Comprehensive Student Editions Units	
The Essentials of Geography	
North America	
Central America & the Caribbean	
South America	
Europe	
Russia & the Eurasian Republics	
Sub-Saharan Africa	
Southwest Asia & North Africa	
South Asia	
East Asia	
Southeast Asia	
Australia, the Pacific Realm & Antarctica	

12 Regions in Separate Modular Teacher Editions

» Learning for Active Students

- Students engage with maps, graphs, and charts through the lab with every lesson
- Before You Move On tests comprehension
- Students write answers to the map lab in their GeoJournals

- Access video and audio
- Use the interactive Table of Contents

» Accessible Content Supports Geographic Discovery

- Engaging maps, images, audio, and interactive lessons
- Each two-page lesson is clear, focused, and accessible to all students
- Up-to-date content and links to National Geographic engage learners
- TechTrek ties every lesson back to online resources on myNGconnect.com
- Map, photo, and vocabulary labs give students the chance to apply instruction

Eastern Hemisphere

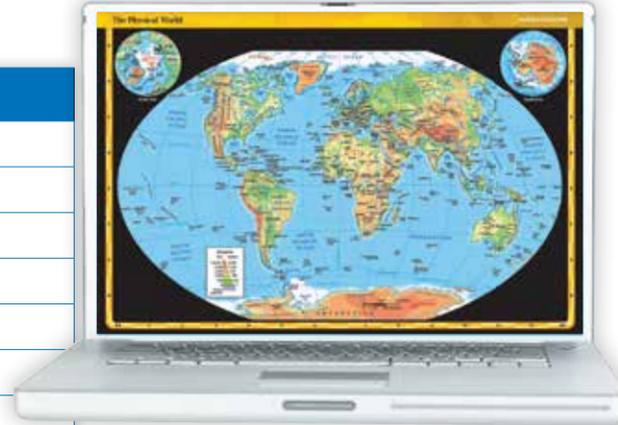

Eastern Hemisphere Units
The Essentials of Geography
Europe
Russia & the Eurasian Republics
Sub-Saharan Africa
Southwest Asia & North Africa
South Asia
East Asia
Southeast Asia
Australia, the Pacific Realm & Antarctica

Student Edition

- Engaging maps, images, audio, and interactive lessons
- Up-to-date content and links to National Geographic
- Clear and focused organization with two-page lessons

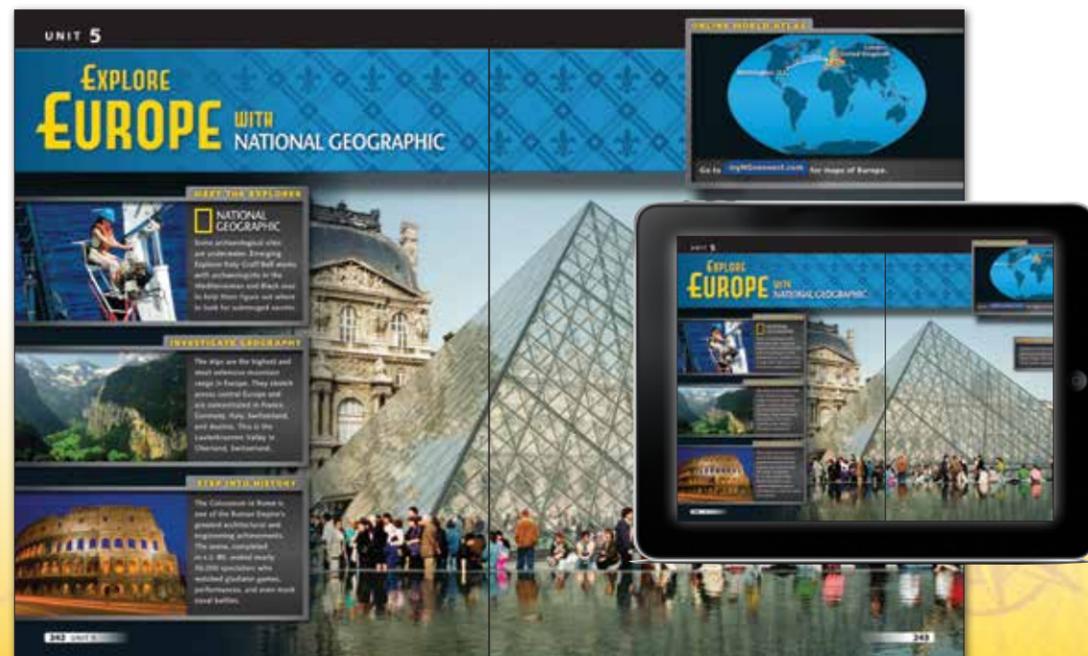

9 Regions in Separate Modular Teacher Editions

Online Student Edition

- Includes the nine regions taught in the Eastern Hemisphere curriculum
- Lessons engage with hands-on map activities in small groups or individually
- Essential Questions provide a focus for each chapter and support higher-order thinking
- National Geographic Explorers appear in every unit opener, in Explorer video clips, and in chapter lessons

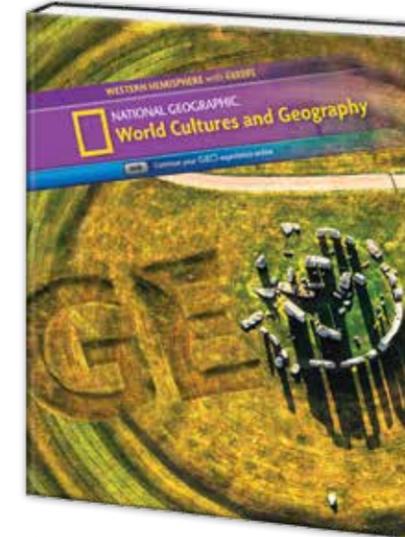

Unit 5 Opener, Explore Europe

Explore Europe

- Each unit opener features a National Geographic Explorer
- Students link to video clips about the Explorer from within the digital library

Western Hemisphere with Europe

Western Hemisphere with Europe Units
The Essentials of Geography
North America
Central America & the Caribbean
South America
Europe
Russia & the Eurasian Republics

6 Regions in Separate Modular Teacher Editions

Student Edition

- Includes regional units relevant to Western Hemisphere curriculum
- Students make inferences about their lives and lives of students in other countries
- Rich time lines provide a sense of ancient civilization

Online Student Edition

- Includes the six regions taught in the Western Hemisphere with Europe curriculum
- TechTrek in every lesson provides a guide to the technology resources available
- Every lesson includes an interactive whiteboard activity
- Includes three types of vocabulary: key, academic, and terms & names

Unit 3 Opener, Central America and the Caribbean

Central America and the Caribbean

- Students meet National Geographic Explorers engaged in regionally relevant projects
- History and culture are introduced in the "Step into History" invitation
- The effects of the region's geography on its economy and culture are highlighted

Integrated Technology at myNGconnect.com

Resources for Students

- Student eEdition with differentiated text, roll-overs, drop-down menus, and pop-ups
- Interactive Map Tool with different modes and filters
- Digital Library of videos, photos, and music
- Magazine Maker for creative multi-media (available on CD-ROM only)
- Guided writing, writing templates, and rubrics

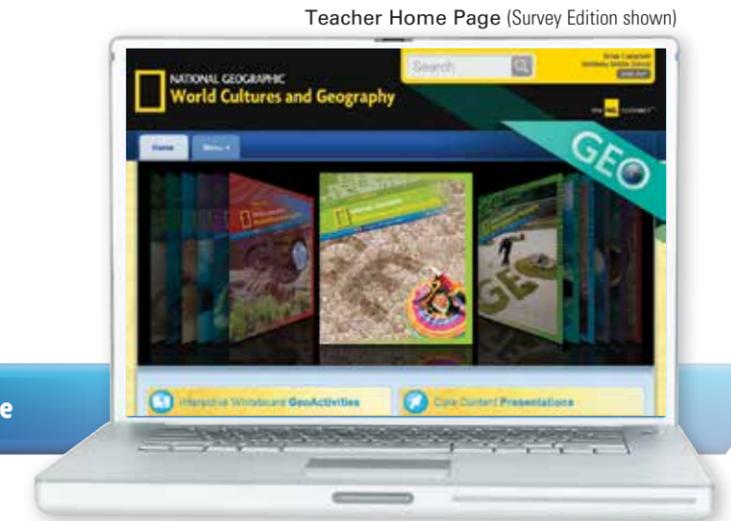

Student Home Page (Survey Edition shown)

Students start their online experience

Resources for Teachers

- Teacher's eEdition
- *Fast Forward!* Core Content Presentations
- Online Lesson Planner
- Assessment
- Interactive Whiteboard GeoActivities with scripts
- Interactive Map Tool with scripts
- GeoVideo and Explorer video clips

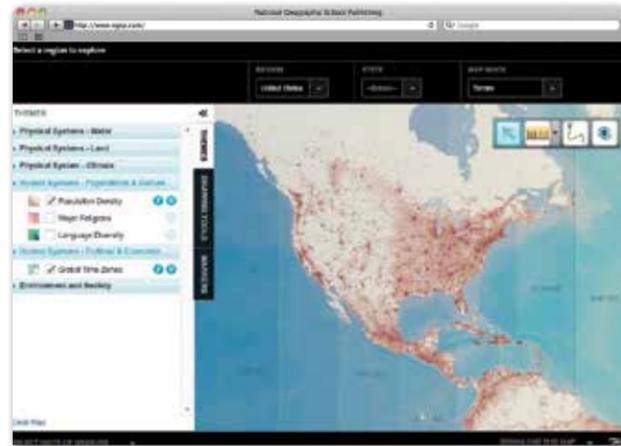

Teacher Home Page (Survey Edition shown)

Teachers start their online experience

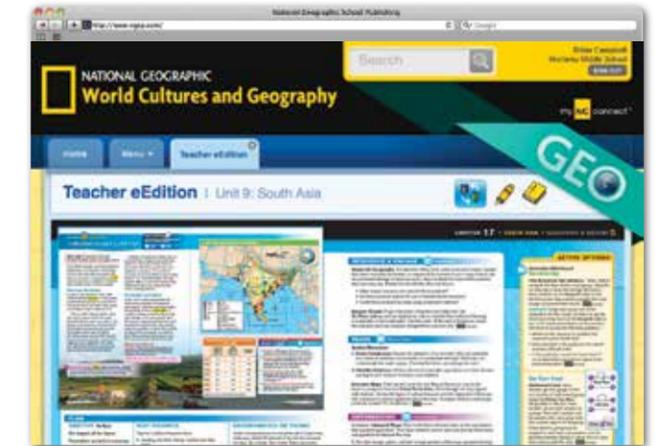

Students go to any page in the student book

Students interact with maps, draw country borders, and use a click-and-draft tool to label country elements

Point-of-use hot links with every two-page spread

Maps and Map Labs bring cartography to the classroom

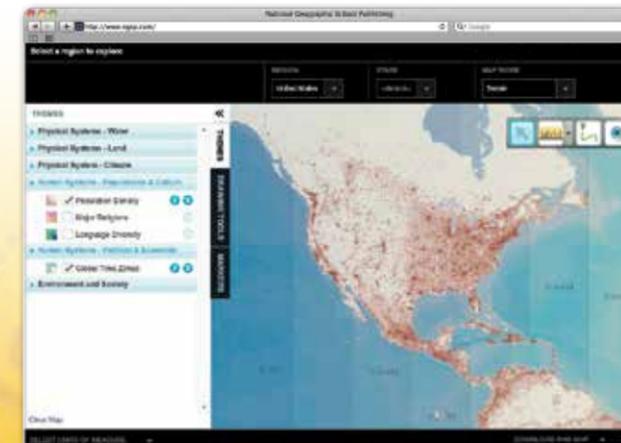

The Digital Library includes GeoVideos, Explorer video clips, photos, and music

National Geographic Explorers introduce every unit

Select regions, states, and map modes to explore population density and language diversity

An interactive whiteboard activity is available for every lesson in the Student Edition

Modular Teacher's Editions

Each region is packaged for the teacher in a discrete, easy-to-handle unit

Teacher's Editions

Student Edition page leaves plenty of room for teaching strategies

myNGconnect provides digital resources for every lesson

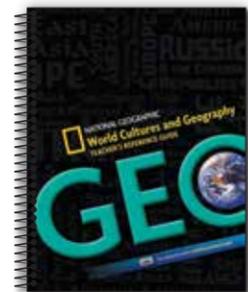

Students brainstorm new topics

One Interactive Whiteboard GeoActivity for each lesson

Clear, concise instruction path for every lesson

Differentiated instruction tips to engage every learner

Active students participate in an interview

Three Teacher's Reference Guides

- One unique Reference Guide for each curriculum
- Includes Best Practices for Active Teaching
- Provides access to National Geographic Atlas
- Offers many supplemental resources such as Student Skills, World Religions, and Government and Economics handbooks

ExamView® CD-ROM

- Formal Assessment
- Quizzes and chapter tests also available in Spanish
- Chapter Tests written in on-level text and modified text
- Extra questions per chapter to form a test item bank

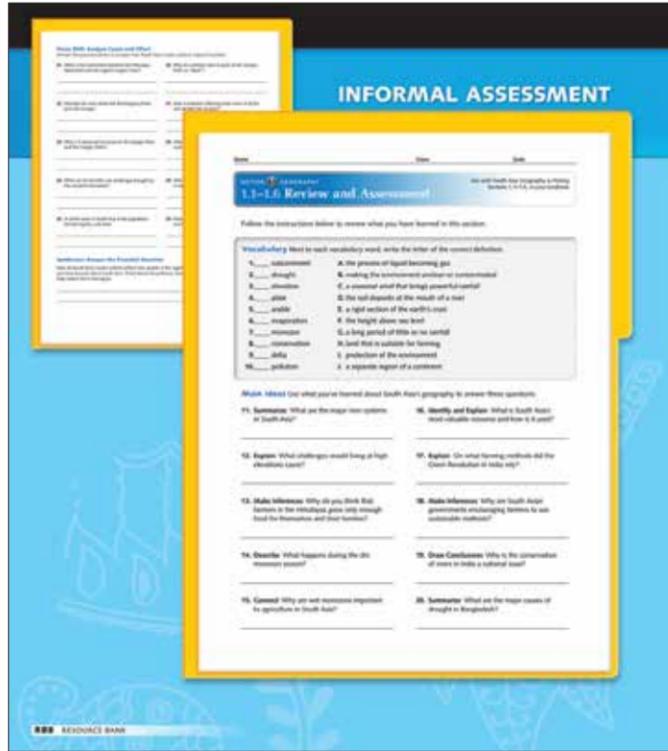

Find everything at myNGconnect!

- Teacher's eEdition
- Digital assets available at point-of-use
- Core Content Presentations
- Videos, music, interviews, and photographs
- Online Lesson Planner
- Create, edit, organize, print, and email lesson plans and activities
- Assessment
- Interactive Whiteboard GeoActivities

Quabbin Regional
Middle/High School
Barre, Massachusetts

Andrea Wallenbeck
Exploris Middle School
Raleigh, North Carolina

Explorers, Fellows, and Grantees

Greg Anderson
Linguist

Katey Walter Anthony
Aquatic Ecologist and
Biogeochemist

Ken Banks
Mobile Technology
Innovator

Katy Croff Bell
Archaeological
Oceanographer

Christina Conlee
Archaeologist

Alexandra Cousteau
Social
Environmental
Activist

**Thomas Taha
Rassam (TH)
Culhane**
Urban Planner

Jenny Daltry
Herpetologist

Wade Davis
Anthropologist and
Ethnobotanist

Sylvia Earle
Oceanographer

Grace Gobbo
Ethnobotanist

Beverly Goodman
Geoarchaeologist

David Harrison
Linguist

Kristofer Helgen
Zoologist

Fredrik Hiebert
Archaeologist

Zeb Hogan
Aquatic Ecologist

Shafqat Hussain
Conservationist

Beverly Joubert
Filmmaker and
Conservationist

Dereck Joubert
Filmmaker and
Conservationist

Albert Lin
Research Scientist
and Engineer

**Elizabeth
Kapu'uwailani
Lindsey**
Filmmaker and
Anthropologist

Sam Meacham
Cave Diver

Kakenya Ntaiya
Educator and
Activist

Johan Reinhard
Anthropologist
